

Geography 485L/585L “Deep Dive” Assignments

The four assignments that constitute the class’s “Deep Dives” consist of a series of activities that build upon each other and the smaller assignments accomplished as “[Milestones](#)” in the development of your course portfolio. These assignments will be added to your portfolio content and evaluated in conjunction with the mid-term and end-of-term portfolio assessment and grading. The approximate timing of these assignments is provided below, though may be subject to change as progress through the class material continues.

Week 4: Creation of a a Google Maps Web Page with Custom Points and Labels
