Geography 485L/585L "Deep Dive" Assignments

The four assignments that constitute the class's "Deep Dives" consist of a series of activities that build upon each other and the smaller assignments accomplished as "Milestones" in the development of your course portfolio. These assignments will be added to your portfolio content and evaluated in conjunction with the mid-term and end-of-term portfolio assessment and grading. The approximate timing of these assignments is provided below, though may be subject to change as progress through the class material continues.

Week 4: Creation of a a Google Maps Web Page with Custom Points and Labels

TBA

Week 6: OGC Service Concepts
